Dear Ms Rupa Kothari

It's not our job to toughen our children up to face a cruel and heartless world. It's our job to raise children who will make the world a little less cruel and heartless.

Injury risks are different around the world. Children, whether rich or poor, living in an industrialized nation or living in rural poverty, have the right to grow up healthy and safe.

Thank you for sending me a copy of your book on road safety with cartoons drawn by children. I congratulate you for your awareness activities to make the place a safer place for children.

Warm regards,

Amitabh Bachchan
